### STORY IDEAS

Please use this sheet as inspiration to help your children create their story. The more that comes from their own imagination the better but these might help them to get started, especially with younger children.

Many of the ideas below connect to suggestions for dance movements on the Dance Ideas and Dance Steps sheets, to help you turn the story into a dance when you are ready.

To begin with the children decide on the characters and setting for their story and the reason for their quest. We have provided some ideas from classic Disney stories for inspiration, but your children may well have their own ideas about who is going to play the starring role!

In the middle of the story the children decide on an obstacle or obstacles that their characters meet and have to get over, around or past. At the end of the story the children decide how their quest is resolved and think about the return journey to the place where the story began.

#### THE QUEST

Quests normally involve a journey with a particular objective, e.g. to rescue someone, or to find a lost object, or to do a particular thing. Encourage your children to think along those lines when thinking about the reason for their story.

#### SOME IDEAS FOR CHARACTERS

Dragon, Fairy, Mermaid, Fish, Prince, Princess, Army Cadet, Witch, Wizard, Snowman, Reindeer, Bear, Pirate

#### SOME DESCRIBING WORDS FOR THEIR CHARACTERS
